Piotr Putiatycki

SOFTWARE DEVELOPER

● piotr@putiatycki.pl ● +48 669 288 899 ● linkedin.com/in/atlasjedi

ABOUT

> *Software developer by trade, problem-solver by nature. I love blending creativity with technology to craft engaging, efficient applications that make a difference.*

EXPERIENCE

Sabre
CONTRIBUTOR JAVA DEVELOPER
2021 — present

- Integrated key airlines (Singapore Airlines, Iberia) into the platform, ensuring seamless NDC-compliant connections that expanded service offerings.
- Contributed to the migration of core systems to Google Cloud Platform (GCP), enhancing scalability, reliability, and performance.
- Developed a comprehensive monitoring & metrics framework with GCP dashboards, enabling real-time insights into system health and key KPIs.
- Integrated OAuth2 within the security infrastructure alongside Security Manager, strengthening authentication protocols.
- Collaborated with airline and agency partners to drive NDC solutions adoption, tailoring integrations to client needs.

iPort Apple Premium Reseller
LEAD TECHNICAL SPECIALIST
2018 — 2020

- Specialized in microsoldering — provided diagnostics, troubleshooting, and technical support for Apple devices.
- Led a team of technicians while collaborating with enterprise customers (e.g. Allegro), ensuring smooth operations and high customer satisfaction.
